

SKB Cases, LLC.

1. California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65)

California Proposition 65 requires clear and reasonable warnings on products containing any of the chemicals known to cause cancer, birth defects or other reproductive harm. Some substances on the OEHHA managed list have established safe harbor levels, but not all. Therefore, this declaration is made without consideration of safe harbor levels, stating only if a substance on the Prop 65 list is contained or not contained.
